

FR4 - Photography & Nature Cruise

7 Days / 7 Nights

Night 1: Punta Arenas

Arrival to Punta Arenas. Evening meeting at the hotel and welcome dinner.

Day 1 Punta Arenas - Barbara Channel

Departing from your Hotels at 8 am, we'll drive out to Punta Carrera (area of Fort Bulnes), from where we'll board and weigh anchor at 9 pm. Setting off on our adventure, we'll sail across the Straits of Magellan towards Isla Carlos III in the Francisco Coloane Marine Park (260 sq miles).

Day 2 Helado Glacier - Rupert Islet -Carlos III Island

In the early morning we'll navigate through Barbara channels towards the Helado Glacier. We began the navigation to Carlos III Island, enjoying whales watching on route. By Rupert Islet surroundings' we can see sea wolves, penguins, skuas, petrels and albatrosses.

During the night we sail through the Magellan Strait towards the De Agostini Sound.

Day 3 Carlos III - De Agostini Sound -Anguila Glacier

In the night, we enter the Magdalena Channel and the Kyats Fjord, travelling towards the De Agostini Sound, dawning in the Aguila Glacier. In the morning we'll visit Aguila Glacier and those who wants can do kayaking in Bahía Angelito. On midday we departure on direction of the Serrano glacier, where we spent the night.

Day 4 Serrano Glacier - Gabriel Channel - Almirantazgo Sound

In the morning we'll visit Vergara Glacier. On midday we departure on direction of the Gabriel Channell, a narrow crossing of extraordinary beauty that leads us into Almirantazgo Sound. From here we'll continue our journey towards Azopardo Bay to visit a colony of black-browed albatrosses. We'll then set anchor at Parry Fjord.

Day 5 Caleta María - Jackson Bay - Parry Fjord

Visit a colony of sea elephants in Jackson Bay and a colony of albatrosses by the afternoon. We'll then set anchor at Parry Fjord to admire an amazing glacier, surrounded by the highest snowy peaks of the Darwin range.

Day 6 Parry Fjord - Tucker Islet and Filton Bay

We'll visit Tuckers Isle, where we'll observe a wide variety of birdlife, including the Magellan Penguin, cormorants, skuas and others. After that we'll head towards Fitton Bay to visit an other wonderful glacier.

Day 7 Filton Bay - Carrera Bay - Punta Arenas

Early morning We'll navigate through Gabriel Channel towards our final destination. After disembarking we'll be driven back to Punta Arenas to our hotel, around 18:00 Hrs.

* Important

During the sea voyage, the activities described in this program do not necessarily take place in this order. We will study the weather on a day to day to make the best use of our time and make possible to visit new areas. Some disembarking sites also vary, depending on the interests of the group or the weather conditions
